Dear Sir:

In the Berlin Münzblätter for 1918, on page 201 there is a report of a hoard of about four hundred Greek gold coins of the time of Alexander the Great which are stated to have passed into the possession of your Museum. I am preparing a bibliography of Greek coin hoards, and desire for this purpose such additional information as you may be able to give me. Besides this, however, Mr. Edward T. Newell, the President of our Society, is an active student of the coinage of this period, and he joins with me in hoping that it would be possible for you to give us a fairly complete description of the coins in this hoard - or, at least, a list of the monograms and symbols which occur on the coins.

I trust that this request will not place upon you an undue burden, and with assurances of our esteem, I beg to subscribe myself,

Very truly yours,

Editor and Secretary
